2820. LIGHTS ON STRATFORD 2024/2025 SEASON:

Objective: Provide the Board of Park Management with an overview of the LOS program. Two locations include Market Square and Tom Patterson Island.

Background and Analysis: Lights on Stratford to continue with displays in Market Square and on Tom Patterson Island utilizing a similar footprint for installations.

Staff Comments: Special Events Application and site plan[s] provided for the Board's awareness. No action is required.

2821. SHAKESPEAREAN GARDENS WOODEN BRIDGE:

Objective: Nathan Bottema, Project Engineer, Infrastructure Services providing analysis regarding Shakespearean Garden inspection. Recommendations provided and feedback required from the Board of Park Management regarding bridge project.

Background and Analysis: BM Ross conducted an inspection of the Shakespearean Garden Bridge on July 24, 2024 in response to concerns raised in-house. Engineering department conducts regular bridge inspections as mandated. All bridges in Ontario are required to undergo general maintenance inspections at least twice a year and detailed inspections every two years¹. These inspections are conducted under the direction of a professional engineer using the Ministry's Ontario Structure Inspection Manual (OSIM). The Inspection Manual requires biennial inspections of all provincial and municipal bridges.

The recommendation that came back was to either reinforce or replace this bridge. Engineering is of the opinion that reinforcing this bridge again will be a temporary solution and would prefer to see this bridge replaced installed with prefabricated steel structure over a wooden bridge. The OSIM report from 2019 recommended replacement in 1-5 years. Access to the east approach is challenging and the bridge does not adhere to AODA standards. To make it AODA compliant, the approach and grade of the bridge would have to be significantly different.

Engineering sets funds aside to budget for bridge work but a design must be produced first as part of the process.

BOARD OF PARK MANAGEMENT

The bridge existing within parkland requires Board of Park Management input into the project. The question before the Board is whether to accept Engineering’s recommendation to replace the bridge with steel as suggested endeavouring to ensure AODA accessibility and reflect historic aesthetics in design.

Staff Comments: Allow Infrastructure Services Department to design an AODA compliant bridge and return to the Board for review/approval.

Resolution:

Motion: **Seconded:** **Carried.**

2822. STRATFORD PUBLIC LABRYINTH:

Objective: John and Leslie Wright are continuing to work on the Stratford Public Labyrinth. Robert Ritz (Architect) is creating a proposed site plan and artistic rendering.

Background and Analysis: The Wright’s will provide the design to the Board when it is ready for approval. They have been speaking with various service organizations in Stratford to explore the possibility of working with them. The Wright’s are asking if the Board would consider allowing proposed organizations logo to be present on signage. Or alternatively permit content such as, “The Stratford Public Labyrinth, another project assisted by *Organization Name*.”

Staff Comments: For the Board’s consideration.

Resolution:

Mover: **Seconded:** **Carried.**

2823. CULTURAL COMMUNITY CELBRATION:

Objective: Darcy Drummond, Manager of Recreation and Marketing letter of request forwarded to the Board for review/approval for this first-time event. The City of Stratford’s Recreation Division was awarded a federal government New Horizon’s Grant. Through this grant a Cultural Community Celebration will take place on Saturday October 5th from 11:00am to 2:00pm in queens Park, in partnership with Multi-Cultural Association of Perth Huron and the Mayor’s Office.

BOARD OF PARK MANAGEMENT

Background and Analysis: Programming will be offered in Upper and Lower Queens Park. Six 10' x 10' canopy tents will be erected as part of the event and weighted with sandbags with cultural booths set-up underneath. Two food trucks will be onsite to sell food to event participants. Various cultural performances are scheduled at the Upper Queens Park Bandshell during the event. Attendee participation will be encouraged in cricket and yoga demonstrations as well as yard games and activities hosted by Early ON and the Stratford Public Library. City of Stratford Day Camp staff and municipal staff volunteers along with St. Johns ambulance will be present for oversight and assistance.

Staff Comments: To support the event in consultation with the Parks, Forestry and Cemetery Manager on event set-up. Review following completion and add to perpetual approval list for future years if applicable.
